

SUPERLITE™

Introducing ultra-lightweight linerboards & mediums that deliver fiber reduction, cost savings and unmatched printability.

SuperLite Containerboard was developed for light weight corrugated and single face applications, where fiber reduction and printability drive cost and sales. Our SuperLite grades are made with 100% virgin pulp making them an excellent choice for direct food contact applications where a clean and contaminant free surface is needed.

- ✓ **Natural brown, ultra-lightweight grades**
- ✓ **Ultra-light basis weights that translate into lower costs**
- ✓ **Reduced fiber and increased sustainability**
- ✓ **High quality print surfaces**
